About ONKAR WORLD

Onkar World, based in Dubai, is an emerging global trading company set to make a mark in the agro-commodity sector. With strong roots in India's agricultural industry, we bring decades of expertise, deep connections with farmers, and access to high-quality produce in bulk quantities.

Backed by multiple manufacturing units, we have built a solid foundation in agro-commodity and farming production. Our hands-on experience with farmers ensures a thorough understanding of agricultural processes, enabling us to source premium quality raw materials efficiently and deliver them on time to global markets.

SUGAR

Our Prime Product and Core Strength

Sugar stands as the cornerstone of Onkar World's agro-commodities portfolio. At Onkar Sugars, our sister company in India, we proudly oversee a significant portion of our sugar production, ensuring consistent quality and supply. Our sulphate-free, refined sugar meets international standards, making it ideal for global markets.

Located in Maharashtra, one of India's largest sugar-producing states, our operations are headquartered in Pune and supported by nine strategically positioned production units across the region. This robust infrastructure reinforces our commitment to excellence, innovation, and reliability in the sugar industry.

At Onkar Sugars, we deliver a diverse range of premium sugar products.
